

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. THE BEQUEST OF JOHN HARVARD.

From "College Book, No. III," page 1.

The Reverend Mr John Harvard sometimes
Minister of Gods Word at Charltown,
by his last will & Testament gave towards the
erecting the above School or Colledge, the one moiety
or halfe parte of his estate, the sd moiety amount-
ing to the sum of seven hundred seventy nine pounds
seven shillings and two pence.

From "New England's First Fruits, 1643," page 12.

After God had carried us safe to *New-England*; and wee
had builded our houses, provided necessaries for our
livel-hood, rear'd convenient places for Gods worship,
and settled the Civill Government: One of the next
things we longed for, and looked after was to advance *Learning*. and
perpetuate it to Posterity; dreading to leave an illiterate Ministry
to the Churches, when our present Ministers shall lie in the Dust.
And as wee were thinking and consulting how to effect this great
Work; it pleased God to stir up the heart of one Mr. *Harvard* (a god-
ly Gentleman, and a lover of Learning, there living amongst us) to
give the one halfe of his Estate (it being in all about 1700. l.) to-
wards the erecting of a Colledge, and all his Library: after him ano-
ther gave 300. l. others after them cast in more, and the publique
hand of the State added the rest: the Colledge was, by common
consent, appointed to be at *Cambridge*, (a place very pleasant and ac-
commodate and is called (according to the name of the first foun-
der) *Harvard Colledge*.

1642.

"The *Governor* and *Deputy Governor* for the time being, and all the *magistrates* of this jurisdiction, together with the *teaching elders* of the six next adjoining towns, viz. Cambridge, Watertown, Charlestown, Boston, Roxbury, and Dorchester, and the *President* of the College for the time being."¹ *Order of September 27, 1642* (page 6).

1697, 1700.

The *Governor* and *Council* for the time being.²

1707.

The organization established in 1642 restored. *Resolve of December 6, 1707.*

1780.

The *Governor*, *Lieutenant-Governor*, *Council*, and *Senate* of the Commonwealth, with the *President* of the College, for the time being, and the *Ministers* of the Congregational Churches in the towns of Cambridge, Watertown, Charlestown, Boston, Roxbury, and Dorchester. *Constitution of Massachusetts, ch. V. sec. i. art. 3* (June 15, 1780).

1810.

The *Governor*, *Lieutenant-Governor*, *Council*, *President* of the Senate, and *Speaker* of the House of Representatives of the Commonwealth, and the *President* of the College, for the time being, with fifteen *Ministers* of Congregational Churches, and the following persons by election. *Act of March 6, 1810: accepted by the President and Fellows, March 16; by the Overseers, April 12.*³

¹ "Over the Colledge are twelve Overseers chosen by the General Court, six of them are of the Magistrates, the other six of the Ministers, who are to promote the best good of it, and (having a power of influence into all persons in it) are to see that every one be diligent and proficient in his proper place." — *New England's First Fruits* (London, 1643) page 13.

² The Charter of 1692, which, though duly passed by the legislature, was neither approved by the King nor accepted by the College, made no provision whatever for a board of Overseers or Visitors, all power being placed in the Corporation.

The Charter of 1697 was likewise returned without approval by the King, but the College was for a period conducted under its provisions. The Governor and Council were to "have, use, and exercise a power of visitation as there shall be occasion for it," but their relation to the Corporation was not defined with exactness.

The bill of 1699, which was not signed by Governor Bellamont, assigned the power of visitation to the "King and his Governor."

The Charter of 1700, which, like that of 1697, was for a time acknowledged by the College, though not approved by the King, reserved a power of visitation to the Governor and Council.

³ Fifteen laymen were to be elected, upon acceptance of the act, by the old Board of Overseers, and were so elected, May 10, 1810; the fifteen ministers already members of the Board continued in office. Members were to hold office so long as they remained inhabitants of the State, unless removed by the Board for cause; but a minister who ceased to hold the ministerial relation he held when the act was accepted, or at the time of his election, thereby vacated his place in the Board. The Board was empowered to elect new members to fill vacancies occurring among either class.

¹ The Act of 1810 (March 6) was repealed by an act of February 29, 1812, and the Board of Overseers re-established as it had existed prior to 1810. The validity of the Act of 1812, which did not provide for submission of the Act to the Corporation and Overseers for their approval, was denied by these bodies but it was regarded as inexpedient to press the point, and the restored Board conducted business from June 3, 1812, until the re-establishment of the Board of 1810 by the Act of February 28, 1814.

CHEMISTRY

The first Professorship of Chemistry was established in the Medical Department (page 39). When endowed in 1791 under the will of William Erving (H. C. 1753), it was entitled the Erving Professorship of Chemistry and Materia Medica. In 1816 it became the Erving Professorship of Chemistry, in 1827 the Erving Professorship of Chemistry and Mineralogy, and in 1894 the Erving Professorship of Chemistry again.

† Not Instructors regularly appointed, but persons permitted by the Corporation to teach such students as so desired. In 1766 the students were forbidden to attend the instruction of unauthorized teachers, and the position of the licensed teachers became more defined; their charges were included in the quarter-bills, and they shared with the tutors the privileges of the Library, of Commons, etc.

N O T E.

Under votes of the Corporation and Overseers the following facts are entered in the Quinquennial Catalogue.

In the Class lists record is made of certain honors, degrees, and positions held, as well in the past as in the present, by graduates. The following paragraphs show concisely what honors, degrees, and positions are thus recorded, and the manner in which they are indicated. The order adopted is that in which the facts are arranged in the Class lists.

1. Degrees conferred by Harvard University and other universities, colleges and professional schools of high standing; honorary degrees being distinguished from those obtained by examination.

The designation of a degree is followed by the name of the institution conferring it, and by the date of conferment; except that degrees conferred by Harvard University are followed by the date only, and the degree of Master of Arts, formerly taken in course, that is, three years after the date of the Bachelor's degree, appears without date.

Graduates who received their degrees out of course are placed with their respective classes, and the date when the degree was conferred immediately follows the name.

The completion of the regular course at a professional school which confers no degree, is indicated by the name of the institution and the date when the course was completed.

When the same degree has been received from two or more institutions, the order of arrangement is by date; with this exception, that degrees conferred by Harvard University are placed first, without regard to chronology.

2. Offices in Harvard University: President; Fellow; Treasurer; Overseer (by election); Professor, Assistant Professor; Tutor; Instructor, and Lecturer, if the appointment be for more than a year; Dean; Librarian, Assistant Librarian; Director; Curator; and offices of like character. The President of the Alumni Association is included.
3. Professorial appointments in other universities, colleges, and professional schools of good standing.
4. Professional appointments of high grade under the United States government, or other national governments.
5. The position of headmaster or principal in leading secondary schools, both public and endowed; and that of Superintendent of Schools in cities of not less than 100,000 inhabitants.
6. Membership in foreign societies of high standing, provided such membership is regarded by those societies as an honorable distinction.

NOTE.

7. Membership in the National Academy of Sciences; American Arts and Sciences; American Philosophical Society; Massachusetts Society; and honorary membership in American Societies.
8. Offices under the United States government: President; Vice President of the Senate (when not the Vice President); Member of Cabinet; Senator; Speaker and Member of the House of Representatives; Ambassador; Minister; Chief Justice and Justice of the Supreme Court; Chief Justice and Judge of the Court of Claims; Judge of a Circuit Court; Major-General and higher ranks (not by brevet); Rear Admiral and higher ranks.
9. Offices under the State governments: Governor; Chief Justice and the Supreme Court; State Superintendent of Public Education, and office corresponds thereto; also Governors of Territories, Chief Justice of the Supreme Court in Territories and in the District of Columbia.
10. Offices of similar grade, and honorary appointments, under foreign governments.

ABBREVIATIONS.

The abbreviations used are, in general, self-explanatory. For degrees the abbreviations are commonly used (S.T.B. = B.D., S.T.D. = D.D.), but the degree of Doctor of Civil Law is indicated by D.C.L., and for technical degrees the abbreviations are given.

All who use the Catalogue are urged to send additions, corrections, and notification of deaths or other changes, to the Editor of the Quinquennial Catalogue, University Hall, Cambridge, Mass.

DOCTORS OF PHILOSOPHY, DOCTORS OF SCIENCE, MASTERS OF ARTS,¹ AND MASTERS OF SCIENCE.

Ph.D., S.D., A.M., S.M.

. *The Graduate Department was established in 1872, and in 1890 received the name of the Graduate School and in 1905 that of the Graduate School of Arts and Sciences.*

. *A.B., followed by a date only, denotes that the full record is given in the list of Bachelors of Arts under the year indicated.*

A similar reference is made whenever the full record is given in another department of the University, or under an earlier degree in this list.

The subjects in which Doctors of Philosophy and Doctors of Science obtained their degrees are indicated immediately after their names.

BACHELORS AND DOCTORS OF MEDICINE.

M.B., M.D.

. Until 1811, the ordinary degrees of Bachelor in Medicine and Doctor in Medicine were conferred, the former on graduation from the Medical School, the latter on examination at least seven years after graduation. In 1811 the degree of Doctor in Medicine was granted to graduates of that year and to earlier graduates who had not been admitted to it, and all graduates since 1811 have received this degree.

. A. B., followed by a date only, denotes that the full record is given in the list of Bachelors of Arts under the year indicated.

A similar reference is made whenever the full record is given in another department of the University.

ALUMNI OF THE DIVINITY SCHOOL AND BACHELORS OF DIVINITY.

Div. S. S.T.B.

** * A.B., followed by a date only, denotes that the full record is given in the list of Bachelors of Arts under the year indicated. In a similar way reference is made for the full record to earlier degrees taken in other departments of the University.*

No degree was conferred on students in the Divinity School before 1870; but the names of those students who completed the regular course are here given. In 1870 and afterward, the degree of Bachelor of Theology was conferred upon examination, and after 1874 the names of those students only are given who received that degree.

HOLDERS OF HONORARY DEGREES AND GRADUATES OF OTHER COLLEGES WHO HAVE BEEN ADMITTED TO THE SAME DEGREE IN HARVARD COLLEGE.¹

** * A. B., followed by a date only, denotes graduation from Harvard College. The full record is given in the Bachelors of Arts under the year indicated.*

In like manner reference is made for the full record to earlier degrees in other departments of Harvard University, or to earlier degrees in this list.

The degree placed immediately after the name is that conferred by Harvard College.
